- Due to probable fan restrictions for next year, the camera installation is going forward. NFHS (National Federation of High School Sports Network) will be live streaming all games, meets & matches using 5-6 cameras. This will be a free service for all Norwell residents. All 7 sports groups in town have contributed. No camera operator will be needed because the cameras follow the action. There will be a library for replays and college recruitment. We are still addressing some potential technical issues before the installation is complete. Target date is August 1st.
